The NEP 2020 introduces a holistic & multidisciplinary curriculum that aims to provide higher -education that contribute to nation building through advancement of human resource. This concept is well executed by our institution. Faculty members were encouraged to have brain storming sessions to discuss about the key ideology of NEP such as multi-disciplinary & holistic Under Graduate education with flexible curriculum, creative combinations of subjects, integration of vocational education, multiple-entry and exit points with appropriate certification. As our institution is affiliated Swami Ramanand Teerth Marathwada University, Nanded, the syllabus is designed by the university following UGC guidelines. Ours is a multi-disciplinary college. Education to girls was mostly neglected by the society. There was no facility of higher education in the orbit of 40kms from Chakur. Therefore, Lokmanya Sr. College Chakur (former name of this college), with Arts and Commerce faculties, was started. The main objective of this institution is to bring these socially disadvantaged, educationally backward people at par with others through education.

Distance education, or distance learning, is a field of education that focuses on pedagogy, technology, and learning systems that aim to provide education to students who are not physically present at site. The Distance Education system came into existence with the objective of bringing students who are far away from the education, students who are employed, women who are housewives or students who are employed in the Indian Army who are not able to pursue traditional education. This education system allows such students to find convenient time to study without interfering with their already busy schedule.
