Women Development Cell (WDC)

Women's Development Cell is a statutory body established in the college in 2018. Previously it was known as Women's Cell and working in the college since the established of the college. It observes women's problem working in the college and tries to resolves if any. It tries to maintain gender equity and works for overall development of the women. It schedules some event and activities to encourage them and motivates to develop necessary skill among them.

Aims and objectives of The Cell

1. To provide amiable and congenial environment to women in the campus.
2. To create social awareness among women
3. To organize various training programmes for the development of women.
4. To provide assistance for taking steps in matter of gender discrimination.
5. To provide health and hygiene facilities to girl students and teaching and non-teaching female staff in the college.
6. To encourage them for self-esteem and self-employment
