1. EXECUTIVE SUMMARY

1.1 INTRODUCTION

Chakur is one of the tehsils in Latur district of Marathwada region in Maharashtra. It is located 39 kms away from the district headquarter on Ratnagiri-Nagpur National Highway No. 361. Earlier, it was part of Ahmedpur Taluka and was separated from it in 1992. It is located in the large ranges of Balaghat. It is a drought-prone rural area. Once, it was the part of Hyderabad State which was liberated on 17th September 1948. Chakur is a small tahsil consists of small villages and hamlets. Majority of the population depend upon agriculture as their primary source of livelihood. Lokayat Education Society, Ahmedpur's Bhai Kishanrao Deshmukh Mahavidyalaya, Chakur was established by Ex. Minister, Late Bhai Kishanrao Deshmukh to educate and empower the masses in 1990. Earlier, the name of the institution was Lokamanya Senior College, Chakur which was later renamed as Bhai Kishanrao Deshmukh Mahavidyalaya, Chakur. The motto of this institution: **॥ सति सति सति सति ॥** means "Success comes through austerity". Ours is the first Arts and Commerce college in Chakur Tehsil and has been working sincerely since its inception.

Our parent institution runs primary, secondary school, and Junior college with Arts, Science, Commerce, and Vocational streams. The college works according to its goals, vision, and mission statement. The college is recognized under 2(f) and 12(b) by UGC. The college is affiliated to Swami Ramanand Teerth Marathwada University, Nanded. The Institution is accredited with B++ with an 80.82 CGPA in 2004 and reaccredited with B grade CGPA 2.63 in 2014 by NAAC. The Institution has ISO certification in 2024.

The college has a functional IQAC which was established in 2004 to enhance and sustain the quality of institution.

Institutional Challenge

- To change the mindset of parents regarding girl child's higher education.
- To improve learners' communicative competencies in English as most of the students are from Marathi medium
- Preparing students for competing in the global market
- To reduce the drop out ratio
- Enhancing the state of art infrastructure
- To introduce consultancy services

1.3 CRITERIA WISE SUMMARY

Curricular Aspects

Bhai Kishanrao Deshmukh Mahavidyalaya, Chakur is affiliated to Swami Ramanand Teerth Marathwada University, Nanded. The institution ensures an effective curriculum delivery through a well-planned and documented process such as the preparation of the academic calendar, departmental timetable, annual teaching plan, syllabus completion reports etc. To deliver curriculum, teachers use various ICT tools as well. The Institution adheres to the academic calendar strictly and implements it rigorously for continuous internal evaluation. It is the tradition of the college that most of the faculty participate in curriculum development and assessment of the affiliating University. Some of the staff members work and contribute to the administrative bodies of the university. In terms of academic flexibility, the parent university introduced a Choice-based Credit System in 2017-18. As per the direction of the parent university, the Institution has implemented NEP-202 in the current academic year. A number of COC and Add-On courses were offered during the last five years in which ---- % of students have been enrolled. The College integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum. It organizes other extracurricular activities relevant to cross-cutting issues to integrate them into the curriculum as well. The average percentage of courses that include experiential learning through project work, study tours and field work etc. The institute has a systematic procedure to receive year-wise feedback from Students, Teachers, Employers, Alumni, and Parents. The feedback is collected from all the above stakeholders. It is analysed and the action taken report is made available on the institutional website.

Teaching-learning and Evaluation

The Institution offers a well-developed system for the overall development of students. The Institution forms an admission committee to monitor the admission process every year. The admission process is handled by the admission committee. It undertakes the responsibility of designing the admission form and the prospectus. The Institution provides an online platform for registration where students can upload his/her necessary documents and then their admissions are confirmed after the submission of the original certificates. Many subject combinations are available to meet the diverse needs of the students and students can choose the combination of subjects according to their interest. The parent university designed the curriculum where students-centric teaching-learning methodology has been given enough space for experiential learning. The experiential,

participative and problem-solving contents in the Teaching-Learning Process are reflected through students seminars, group discussions, debate competitions, poetry recitation competitions, fieldwork, industry visits, geographical surveys, quizzes, and educational tours. Many Faculty members of the college use ICT Tools in the teaching-learning process. The Institution adopts a rigorous internal evaluation system. The results of all examinations are communicated to the students and discussed in classrooms. Cos and Pos are communicated to students and also displayed on the college website. IQAC of the college monitors all curricular, co-curricular, and extracurricular activities by ensuring support services.

Research, Innovations and Extension

The institution tries to promote a research culture in the college. A research committee is formed to achieve the vision, mission, and objective of the Institution. It aims to provide adequate facilities to researchers by promoting research culture in the college campus. The research committee takes review of research-related activities every year. It creates a friendly environment for research activities. It encourages faculty members to develop innovative research, transfer of knowledge, and a scientific environment. IQAC and the Research Committee encourage faculty members to organize study tours, industry visits, field visits, and conferences. All necessary facilities are provided. Faculties are encouraged to participate in research activities. The Institute organized conferences from time to time. Faculty members contributed several research papers in different disciplines. They participated in conferences, seminars, and workshops. They also contributed to edited books.

For the holistic development of students, departmental associations and the NSS unit have been working to create a scientific temper and a sense of social responsibility among students. 1.3 Curriculum Enrichment

1.3.1

Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability in transacting the Curriculum

Response:

We adhere to the curriculum of all programmes designed by the Parent University. Curriculum of B.A., B.Com., M.Com. cover crosscutting issues relating to Professional ethics, Gender, Human Values, Environment and Sustainability. We also address these issues through COC and Add-On courses. These cross-cutting issues are integrated through students' projects also. Details of these crosscutting issues areas below.

Professional Ethics:

Professional Ethics are addressed through curriculum delivery by the Department of Humanities, Social Sciences and Commerce in our HEI. Besides this, professional ethics are also inculcated among the students through career counseling and competitive guidance programs which are regularly organized by the college.

Gender:

Gender sensitization is an important issue that contributes to the overall development of an individual. The institution established the Women Development Cell (WDC) to maintain a harmonious atmosphere on the campus. Through it, we spread awareness among girls about their social and legal rights. WDC organized a National Seminar to address women's issues. For the safety and security, the campus of the Institution is under the surveillance CCTV cameras. It ensures safety and security for girl students which boosts their confidence. Our HEI proposes faculty members to participate in Short Term Courses, Refresher Courses and Orientation Courses related to gender sensitization. WDC conducts various programmes focusing on gender issues. Faculty members willingly publish research papers, chapters and books on gender issues.

Initiatives taken by the college to address Gender issues:

- Establishment of Women Development Cell
- Gender Audit Committee is formed to conduct Gender Audit
- Installation of CCTV
- Organization of Legal awareness programme
- Organization of Women's Conclave (Mahila Melava)
- Organization of Online National Conference.

- Publication of research papers, chapters, and edited books on gender issues

Environment a Sustainability:

The college takes initiatives to promote environmental protection and sustainability through tree plantation and plastic-free campus. The Department of Geography conducts various activities related to environmental issues. The environmental study is made compulsory for all third-year students. The Geography Department also runs a COC in Environmental studies. The NSS department organizes different programmes during NSS camp including tree plantation, cleanliness and digging of absorb pits.

Human Values:

The curriculum designed by the University has enough space for human values. Faculty of Humanities, Social sciences and Commerce through curriculum delivery focus on the content which includes ethical and human values. Skill Enhance courses recommended by University reflect gender equity issues. Moreover, our NSS unit and cultural Department inculcates human values among students through extension activities. We integrate ethics and human values by celebrating national festivals and birth and death anniversaries of national, social and political heroes.

2.3 Teaching- Learning Process

2.3.1

Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences and teachers use ICT- enabled tools including online resources for effective teaching and learning process

Response:

Faculty members of the Institution adopt following student centric methods.

Experiential Learning:

Faculty of the college adopt different methods of teaching for enhancing experiential learning for example lecture method, question-answer method, interactive method, seminar method, PPT presentation and Audio-visual aids with the help of ICT. Using these practices faculty of the college makes teaching and learning effective. Many teachers apart from conventional teaching methods, conduct site visits, industry visits, fieldwork, and projects as well. They share with the students some necessary links to websites and YouTube to make their learning interesting.

Participative Method:

Faculty members make use of the interactive method by engaging the students in group discussions, student seminars, quiz competitions, surveys and field visit etc. This method is used for building different language skills.

Problem-solving Methodology:

Commerce faculty use problem-solving methodology in their regular classroom teaching. Especially in the accountancy and statistics classes.

1. **Student Seminar:** Faculty members organize student seminars where students present their papers on a particular topic to enhance their learning experience.
2. **Field Visit:** Field visit is a part of the curriculum of BA Geography. It helps students to understand geographical conditions and enable them to comprehend various geographical ideas. B. Com students regularly visit Bank, Industry and nearby retail traders.
3. **Study Tour:** The Institute constitutes a committee for the Education Tour. Committee members arrange Study Tour to enhance classroom learning. Institute provides an opportunity to the students to have firsthand experience of what they have learned in the classrooms.
4. **Survey:** The Departments of Geography and Sociology conduct different surveys for data collection which helps the students to get different learning experiences.

ICT Enabled teaching

Institution motivates faculty members to make use of ICT for effective curriculum delivery. Teachers make use of online technologies such as Google Meet and Google Classroom and Zoom.

1. **Computer lab:** The college has a well-equipped computer lab. Students and faculty members have free access to the computer lab which provides Tally software to conduct data analysis. In addition to this, students use Typing Pro and type Master applications for typing study material.
2. **ICT Room:** The Institution provides an ICT Room for students and faculty to optimum use of the teaching-learning process.
3. **NRC:** The institution has established a Network Resource Center which is an important aspect of the learning resources center. Students use it for self-study.
4. **Electronic Gadgets & Social Media Apps:** Teachers used educational ICT-based resources

during Covid-19 to support classroom teaching. Continuous Evaluation process is carried out with the support of WhatsApp and Google form. Online quizzes and covid-19 surveys are also conducted with the help of Google Forms. Teachers share their subject-related material and MCQs through WhatsApp groups. Online technology is used for students' presentations. Thus, teachers motivate their students for interactive learning.

2.5 Evaluation Process and Reforms

2.5.1

Mechanism of internal/ external assessment is transparent and the grievance redressal system is time- bound and efficient

Response:

Continuous Internal Evaluation (CIE) is the most important aspect of the teaching-learning process. The Institution has a transparent and time-bound mechanism to deal with internal and external assessments following an assessment policy developed by the parent University. The University implemented the CBSC pattern and semester system. Mechanism of assessment of learning outcomes is incorporated in the curriculum for each course i.e. Continuous Assessment (CA) and End Semester Exam. This rigorous practice of assessment makes students present in the classroom.

The Academic Calendar Committee prepares academic calendar under the guidance of IQAC which reflects the tentative dates of the Internal Examination. The schedule of Internal Evaluation is prepared by the Examination Department and displayed on the notice board.

At the beginning of the academic year, all students are informed about the mechanism of Continuous Internal Assessment, maximum marks, passing percentage, attendance and tests, assignments, seminars, viva voce, practical, project works, etc. as per the syllabus to assess the performance of students.

The necessary information regarding the exam is communicated to the students through WhatsApp and the same is displayed on the college notice board. The test result is announced in the class and if the students have any grievance, they approach the subject teacher and get it resolved. The answer sheets are shown to students after evaluation which provides transparency and accountability in the evaluation

process. The record of the internal assessment is maintained by all the Departments.

Mechanism of Grievance Regarding University Examination:

The Exam Department of the college looks after the grievances of students regarding university examinations. After the declaration of the results, the dates for revaluation provided by the university are displayed on the student notice board for the information. Grievances related to undergraduate and postgraduate courses are forwarded to the university. Students can obtain photocopies of the answer sheets from the university on request. Students who are unsatisfied with their marks at the University examinations can apply for Revaluation/ Reassessment to the University. The entire mechanism to deal with examination-related grievances is time-bound as per university rules and regulations.

Prevention of malpractices in examination halls is also ensured by surveillance of the CCTV system. Thus, the Mechanism of internal/ external assessment is transparent and the grievance redressal system is time-bound and efficient.

2.6 Student Performance and Learning Outcomes

2.6.1

Programme Outcomes (POs) and Course Outcomes (COs) for all Programmes offered by the institution are stated and displayed on website

Response:

Bhai Kishanrao Deshmukh Mahavidyalaya, Chakur is affiliated with Swami Ramanand Teerth Marathwada University, Nanded. It offers B.A., B.Com. and M.Com. programmes. We follow the curriculum given by the parent University. The curriculum of all programmes and courses is designed by the University and the same is distributed to affiliated colleges. It comprises the objectives and Course outcomes of all programmes and courses and the same is uploaded on its website. The College monitors the fulfilment of Course Outcomes (COs) and Programme Outcomes (POs).

Program Outcomes and Course Outcomes are displayed on the college website. The Institution checks the POs and COs through the evaluation by Internal and external assessment by the end of each semester. Internal evaluation is conducted by the Institution through tests, assignments, projects, practical books, viva voce, seminars, field visits, industry visits, educational trips, etc. The parent University conducts exams of all courses and programs by the end of each semester and college faculty members participate in them. The results of their final exams are used to measure their achievement of POs and COs.

Students' participation in sports, culture, NSS, creative writing for college Magazine and other curricular

and co-curricular activities, placement, progression to higher education and competitive exams are instrumental in achieving the vision, mission and strategic objectives of the college.

Attainment of POs and COs are evaluated.

Explain with evidence in a maximum of 500 words

Response:

The Institution is affiliated to Swami Ramanand Teerth University, Nanded. It follows the curriculum designed by the parent university. POs and COs are defined by the Institution and the same is communicated to students. It makes sure that these outcomes are attained by the end of the academic year through a well-designed process of evaluation. After the completion of the teaching-learning process, the attainment of all POs, PSOs, and COs is evaluated by all departments of the Institution.

Process of Evaluation of Cos and Pos

- At the end of each term, the university conducts the semester examination and all departments analyse the results of the students to evaluate the attainment of the POs, PSOs and COs.
- All the faculties in the college participate in the assessment process of the answer books of the students of all faculties. Teachers assess the attainment of POs and COs at the time of assessment.
- COs and POs are also evaluated through various activities such as assignments, tests, students' seminar presentations, group discussions, viva voce and class performance.
- These are also checked through the participation of students in sports and cultural activities.
- Study tours, surveys, industrial visits, field visits, and experiential learning are also part of the evaluation of the attainment of the POs and COs.
- Students' attainment of POs and Cos are also checked through poetry recitation, debate competition, essay writing competition and vocabulary competition.

Response:

Bhai Kishanrao Deshmukh Mahavidyalaya, Chakur has a registered Alumni Association under the Societies Registration Act, 1860 (Act XXI of 1860). The Alumni Association is registered on 02.06.2018. Its registration number is Latur/0000148/2018. Passed-out students of the college are eligible for Alumnus status. The Alumni Association aims to keep alumni engaged and connected with the college. It promotes the relationship between alumni and college activities by utilizing the guidance and experience of alumni. It supports the college in achieving its goals. Members of Alumni support Institution to organize various cultural and social activities. The alumni regularly give suggestions and share their experiences with the students. The alumni give feedback on the curriculum, library, and college. Some programs like career counseling, placement, short-term courses, and extension activities are initiated at the suggestion of the alumni. The alumni share their experiences and success stories on some occasions in the college. Our Alumni Association plays a supportive and constructive role in the overall development of the college. The college has some prominent figures who have set milestones in their respective fields.

Criterion 6 - Governance, Leadership and Management

6.1 Institutional Vision and Leadership

6.1.1

The institutional governance and leadership are in accordance with the vision and mission of the Institution and it is visible in various institutional practices such as NEP implementation, sustained institutional growth, decentralization, participation in the institutional governance and in their short term and long term Institutional Perspective Plan.

Response:

Vision:

- Higher Education to Rural Masses

Mission:

- To provide value and need-based education.
- To mould the character of students in order to make them good citizens of the nation.
- To instill scientific temper and develop overall personality of the students.

Objectives & Goals:

- To provide higher education to the rural and educationally backward communities so as to bring them at par with others.
- To promote the education for men as well as women and accelerate the movement of women empowerment.
- To create conducive atmosphere to provide higher education in the draught prone rural-background region.
- To make the students knowledgeable, cultural and responsible citizens of the country.
- To inculcate scientific attitude and awareness among the educationally backward people so as to avoid social exploitation and to strengthen the positive social atmosphere.

Nature of governance:

The college was established in 1990 and in a very short span the strength increased to more than 600 students. The governance is in tune with vision and mission of the institution. The Principal along with IQAC co-ordinator, Academic coordinators implement the policies laid down by governing council. In order to make the governance more efficient various statutory committees are formed. The IQAC prepared the perspective plan to justify vision and mission statement of the institution. The governance of the college is inclusive in nature and respects the opinion of the teachers. In policy framing the Governing council involves CDC's opinion where there are teacher representatives. The Principal, IQAC Coordinator, course coordinators and heads of the departments are involved in the decisions related to college and departmental activities. There are functional committees and the in-charges are given autonomy to take decisions regarding the activities. In all the co-curricular and extra-curricular activities, students are given due representation. This strategy ensures quick decisions, transparency and

accountability & promote leadership and teamwork. Alumni participates in extension activities, placement drives etc. Parents are invited to college for meeting and participation in college activities. At administrative level, the in-charges are appointed. They are involved in day to day decisions along with senior faculties. For unique activities like seminars, conferences or for inter-collegiate competitions-coordinators of the programs are appointed and given autonomy to complete the activity. Thus, a participative culture for the fulfillment of mission and vision along with apt decentralization helps in fulfilling the tasks efficiently.

Institutional practices through Perspective Plan

The college management believes in achieving the ultimate goal of the Institution through planned, systematic and coordinated efforts. The vision focuses on providing higher education to the educationally backward communities to bring them at par with others. The college continuously promotes the education for men and women and accelerate the movement of women empowerment. The college makes the students knowledgeable, cultural and responsible citizens of the country. College inculcates scientific temper among the educationally backward students to avoid social exploitation.

The perspective plan of the college is:

- To accepts the changes in educational trends according to time and need for quality enhancement.
- To accelerate educational development.
- To implement global and changing trends in education.
- To achieve overall development of students.
- To increase confidence among the student to achieve personality development.
- To built up leadership in world affair.
- To strengthen creativity
- To impart quality education and to inculcate value system among student

6.2 Strategy Development and Deployment

6.2.1

The institutional perspective plan is effectively deployed and functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment, service rules, and procedures, etc

Response:

The college has prepared perspective plan for college to provide value and need based education. After the IInd Cycle college has prepared perspective plan taking into account the recommendations made by the NAAC Peer. The objective of the plan is to strengthen infrastructural and educational, administrative and other physical facilities such as sports and cultural facilities. The plan suggests to start new PG programs and courses. Most of the plans listed in the perspective plan have been successfully implemented in the last five years and the remaining plans are to be Implemented in stipulated period.

- Strategic Plan Planned to introduce more Career oriented courses diploma courses, skill development and value oriented courses Implementation
- Extension activities through NSS,
- Planned sign Memorandum of Understanding with various organizations
- To raise funds for various centres of excellence through various funding organizations
- To identify and train the youth from rural areas in sports activities in the second campus
- To encourage the students participating in co-curricular/ extracurricular activities
- To encourage the Faculty for Paper publishing & UGC approved national and international journal Publishing
- To promote faculty to submit proposal for Major Minor Research project.

Ours is the affiliated college to Swami Ramanand Teerth Marathwada University hence we have to follow the rules and regulations decided by the parent University. At the same time being a grant-in-aid HEI, the institution strictly follows service rules, procedures, recruitment, and promotion policies given by the UGC, Department of Higher Education, Maharashtra government.

The college is governed by the Lokayat Shikshan Sanstha, Ahmedpur. It is headed by the president and has a secretary and executive body. College Development Council (CDC) is the highest-level committee of the college and is constituted as per the rules and regulations given by the UGC from time to time. The President of the Lokayat Shikshan Sanstha, Ahmedpur, is its chairman and the Principal is the secretary of this council. All institutional developmental proposals are placed, discussed and decisions are taken in this body in a democratic manner after healthy discussion amongst all its members. Principal heads administrative set-up. A Staff-Secretary is appointed from among the academic staff. The academic staffs present their problems in the staff meetings and the Staff-Secretary put them before the principal and thus acts as a bridge between the academic staff and the principal. He is assisted by IQAC coordinator,

department heads, librarian, office superintendent. The NAAC coordinator also works under the principal and the IQAC coordinator for the preparation of AQAR. Various college committees have members from both teaching and nonteaching staff. These committees ensure the implementation of academic and administrative decisions taken at the higher level of decision-making bodies.

7.2 Best Practices

7.2.1

Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual

Response:

Best Practice-I

1. Title of the Practice: Gender Equity through Curricular, Cocurricular, and Extension Activities

Introduction:

Bhai Kishanrao Deshmukh Mahavidyalaya, Chakur tries to achieve gender equity among students through curricular, co-curricular, and extension activities. Men and women are given equal opportunities in every walk of life. Today women are found to achieve all possible heights of achievement. Even today, rural society has many prejudices regarding gender. Consequently, women are made injustice directly and indirectly by society and treated differently. The Institution takes initiatives to change the gender-biased outlook of rural communities through Curricular, Cocurricular, and Extension Activities.

2. Objectives:

- To create an amiable environment on the college campus
- To promote gender equity apart from gender bias
- To expand access to learning opportunities in education
- To explore the impact of gender discrimination
- To promote awareness of women's rights

3. The Context:

The college is located in a rural area of Chakur Tahasil of Latur district. Students from the surrounding villages enrolled in the college. Overall 50% of girl students enrolled in college every year. They come to college by local vehicles every day. It is very necessary to make them aware of their legal rights and privileges. The Institution tries to empower them by inculcating a sense of self-awareness and equity in society.

4. The Practice:

- The Institution established the Women Development Cell (WDC) to look after the gender issues.
- The college established an Anti-Sexual Harassment Cell, Anti-Ragging Cell, and Reservation

Cell for zero tolerance on the college campus.

- CCTV Cameras have been set up for the safety and security of the girl students.
- Various events are conducted to sensitize all students regarding gender issues.
- Equal opportunities are given to female students through the NSS Department.
- The NSS Unit of the college organises different activities and events such as Mahila Melawa, Legal awareness, Health Check-up Camp, HB CBC Testing, and gender sensitization programmes.
- The Institution tried to maintain a balance between girls and boys by providing facilities to them. For Example, Vending sanitary pad Machine is installed in the girl's common room.
- The care of gender equity is also taken through the research work of the faculty.
- Faculty prefers to complete DFPs on the theme of gender sensitization.
- The Institution celebrates community days and national festivals to encourage girl students.

5.Evidences of Success:

- Girl students understood their existence as girls in society.
- This practice taught them to stand against the injustice treatment.
- They built confidence of their own.
- They are encouraged by celebrating Women's Day.
- They learned scientific temper through participative and experiential learning.
- They are enlightened by inspirational talks organized by the Institution.
- They become more conscious in participating in the health checkup camp.

6.Problems Encountered and Resources Required:

- Girls students come from rural area
- They were shy in the health checkup camp
- After motivating, they actively participate in health checkup camp

7. Notes (Optional)

Best Practice-II

1.Title of Practice: Promoting leadership qualities among students' through curricular, co-curricular and extension activities

2.Objectives of the practice:

- To develop leadership abilities
- To display their leadership knowledge and skills
- To provide students a platform to exhibit leadership qualities
- To nurture student leadership and development through different programs

3.The context:

The Institution is providing higher education to rural masses in rural and drought-prone area. It is our

moral responsibility to take care of the all-round development of the students. The institution supports them for maximum involvement and participation in curricular, co-curricular and extension activities. Students should develop academic excellence as well as other skills like leadership skills, decision-making skills, event management skills, entrepreneur skills, communicative skills, analytical skills, problem-solving skills, etc. The institution boosts these skills for the overall development of the students. Several curricular, co-curricular and extension activities are conducted during the academic year by academic departments, cultural department, the sports department, and the NSS Unit of the Institution to develop these skills. Several academic, extracurricular and sports activities by different departments and committees are conducted during the academic year to develop these skills. Faculty members guide and monitor the involvement of students from the beginning to the end of these programs. This kind of involvement helps students to plan, organize, and collaborate with others.

4.Practice:

At the beginning of the academic year, class representatives are selected by considering their academic merit/performance in the previous year by the Students' Council Committee. Transparency is maintained in this concern strictly. These elected representatives are a bridge between students and faculty members. President, Vice-president, Treasurer, Cultural secretary, and Class representatives from all classes constitute Student Governing Council.

To develop leadership qualities among the students, at the beginning of the academic year, Student Council members are elected/selected and get them involved in all activities conducted or organized by the different departments of the Institution throughout the year.

NSS units of the college play a major role in building leadership qualities among the students. 100 NSS volunteers are engaged in community engagement activities. These students attend programs conducted by the university and organize community development programs like cleanliness drives, cultural events, distribution of stationery to school children, blood donation camps etc. The NSS volunteers take initiation organizing National festivals like Independence Day, Republic Day, etc. They help in maintaining discipline during college cultural events and other programs. Students are motivated to become volunteers in all programs of the college and are constantly guided to work with team spirit.

5.Evidence of Success:

Constant active involvement of students in all college activities has helped students to work as a team to achieve the common goal of making the events successful. Students learn to become independent, lead other students, take initiatives and successfully organize events. Involving themselves fully in these activities has helped them in decision making , analyzing, team building and developing different leadership styles.

6.Problems Encountered and Resources Required:

Busy academic schedule, internal tests, academic mandatory requirements like submission of assignments, projects, etc. sometimes make it difficult for faculty members to encourage students to involve in college activities. Due to time constraints, it is difficult to guide and mentor students regularly. SGC members often have differences of opinions, lack of cooperation among themselves making it harder for coordinating among each other.
